PROFESSIONAL SUMMARY

Project Management professional with hands-on experience delivering hybrid (Waterfall + Agile) initiatives across regulated, multi-stakeholder environments. Currently managing a four-product policy amendment project at London Success Academy, owning budgets, RAID logs, and governance gates from definition through UAT sign-off. Certified in PRINCE2 Foundation, PMP, Agile Scrum, and Lean Six Sigma Green Belt. Skilled at translating ambiguous requirements into structured plans, tracking risk proactively, and keeping cross-functional teams aligned to deadline and budget.

PROFESSIONAL EXPERIENCE

Project Management Intern | London Success Academy

June 2026 – Present

- Leading a £15,950 Policy Information Letter amendment project across 4 banking products (CM, Halifax, SW, Barclays), cutting customer complaint volume through a structured 4-sprint hybrid delivery plan.
- Built and maintained RAID logs and RAG status dashboards, identifying and mitigating delivery risks weekly to keep all 4 sprints on schedule and within budget.
- Facilitated stakeholder workshops with Clients, Business Analysts, SMEs, and Build/Test teams, documenting minutes and action items that drove on-time decision-making at each governance gate.
- Applied DEFINE & DESIGN and DEVELOP & TEST (BVT) governance frameworks, ensuring 100% of deliverables met structured sign-off criteria before progressing phases.
- Consolidated Budget, Timeline, Finance, and Stakeholder Matrix trackers from Excel into unified Word reports, improving leadership visibility into project health.
- Defined User Acceptance Testing (UAT) criteria and tracked client sign-off, ensuring delivery readiness across all 4 product workstreams.

Assistant to Manager (Volunteer) | Carriers of Hope

Sep 2025 – May 2026

- Supported various organisational projects, collaborating with managers at different levels to plan and execute community initiatives effectively.
- Maintained accurate activity and volunteer records, ensuring data integrity across all programme operations.
- Facilitated volunteer induction and onboarding, working with the Client Connection Team and Volunteer Manager to ensure a seamless transition for new volunteers.
- Worked intensively with ASRAM and BAME communities, supporting asylum seekers and refugees, delivering a high standard of customer service and building trust with vulnerable groups.

Project Community Digital Volunteer | Coventry Independent Advice Services

2025

- Delivered one-to-one digital support sessions, helping community members build digital literacy and confidently access essential online services.
- Partnered with management to plan and execute community programmes supporting vulnerable and underserved residents.

Project Manager Trainee | Fortray-Simplilearn, Kreativstorm

2023 – 2024

- Developed and executed project plans, organising documentation for streamlined team access and audit readiness.
- Conducted risk assessments and implemented mitigation strategies, reducing the likelihood of schedule slippage.
- Participated in stakeholder meetings to report progress and align expectations across project phases.

Project Administrator / IT TA Volunteer | St. Francis Employability

2023

- Managed data entry and document control, scanning and uploading records to SharePoint to support team access.
- Built PowerPoint presentations for staff and supported students through assessment completion.

- Maintained donor, volunteer, and participant records, supporting accurate programme reporting.
- Recruited, trained, and coordinated volunteers, strengthening programme delivery capacity.

PROJECT PORTFOLIO

Policy Information Letter Amendment

Delivered a 4-week project amending policy letters across 4 banking products, reducing complaints and improving compliance accuracy.

Smart Weather App

Managed product backlog and sprint cycles end-to-end using Agile Scrum framework and Jira.

Improving Hospital POS

Applied Lean Six Sigma DMAIC methodology to streamline and optimize point-of-sale processes in a healthcare setting.

Accenture Job Simulation

Completed a virtual job simulation focused on Agile delivery, sprints, and stakeholder communication.

Siemens Project Manager Simulation

Simulated end-to-end project management using Waterfall governance and scheduling controls.
